

Yaskawa's Emergency Response Web App is a mobile web site that you can use to learn about actions you should take during an emergency while in a Yaskawa facility, at home, or anywhere. It includes recommended actions for:

- First Aid,
- Severe Weather,
- Nearby Catastrophic Events,
- Earthquake,
- Violence,
- Hazardous Material Spills,
- Mass Casualty (such as a motor vehicle accident),
- Fire,
- Flood,
- Gas Line or Water Main Break,
- Exposure to Extreme Temperatures, and

It also includes:

- Tips for Maintaining your Composure during an Emergency,
- Link to Safety Data Sheets for Hazardous Chemicals used within Yaskawa Facilities,
- Link to Yaskawa Safety Brief Videos, and
- Link to Yaskawa Safety Policies and Programs

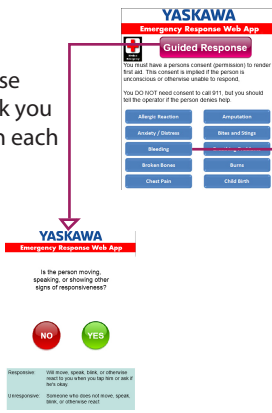

This mobile web app requires Internet access and is currently only available to view on a smart phone.

Key Features

Medical Emergencies

Guided Response will walk you through each step

Or you can go straight to the appropriate first aid.

Tip: Don't wait for an emergency to learn First Aid!

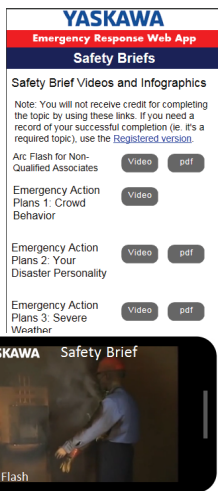

Emergencies can happen anywhere. The Emergency Response Web app provides recommended actions on what you should do wherever you may be.

The sources of this information comes from multiple government agencies including National Weather Service, Homeland Security, and others.

Do you have 5 minutes while waiting in line or for your next meeting to start?

You can access all of the Yaskawa Safety Briefs from the web app.

You can watch the video only or complete the graded training.

Adding Link to your IOS Smartphone

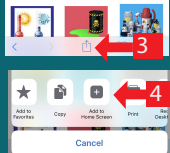

1. Open www.YaskawaSafety.com from your iPhone.

2. Click on the *Emergency Response Web App* button on the left panel.

3. Click on the *Share* (↑) icon at the bottom of your screen.

4. Click on the *Add to Home Screen* icon.

Adding Link to your Android Smartphone

1. Open www.YaskawaSafety.com from your iPhone.

2. Click on the *Emergency Response Web App* button on the left panel.

3. If your browser has the bookmark icon (🔖) next to the web address, click on it. If not, click on the 3 dots (⋮).

4. Click on the *Add to Home Screen* icon.
